

FILLING THE GAP: ADVANCED PRESSURE WELDER TRAINING PROGRAM IMPACT REPORT 2021-2025

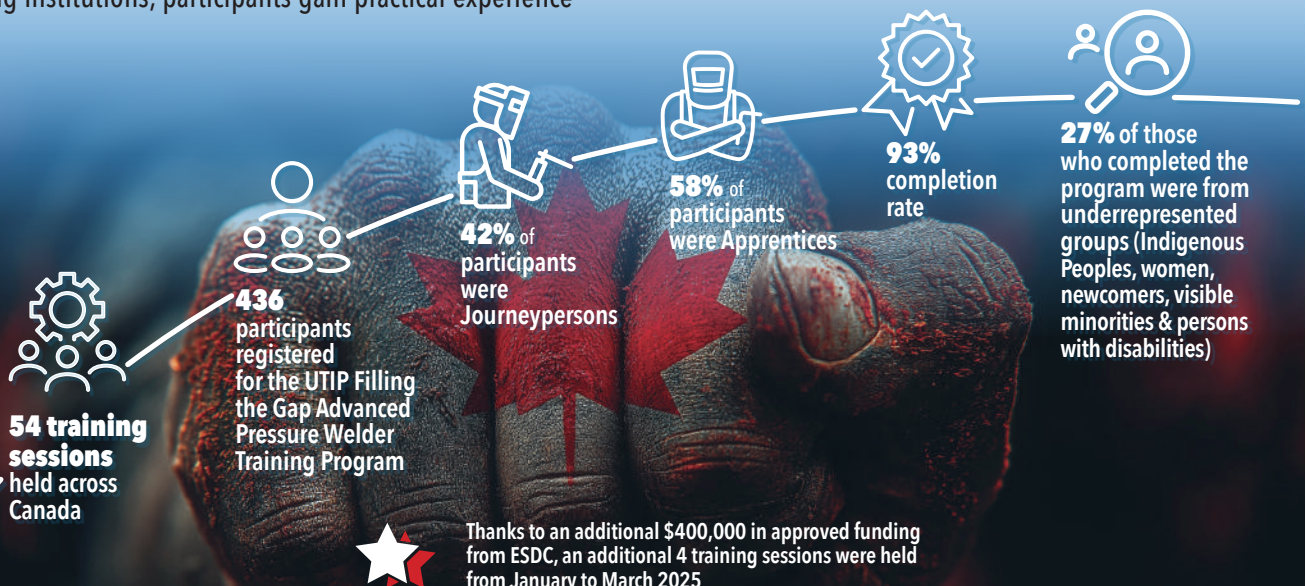

A five-year project developed and delivered in partnership between the CWB Group, the CWB Foundation and the International Brotherhood of Boilermakers (IBB), with funding from the Government of Canada through Employment and Social Development Canada's Union Training and Innovation Program (UTIP).

ABOUT THE PROGRAM:

Advanced Pressure Welder Training is an intensive eight-week program designed to advance participants' skills in pressure welding. Through a blend of online learning and hands-on instruction at IBB facilities and partnering training institutions, participants gain practical experience

and technical knowledge. With a personalized learning approach, extensive hands-on practice, and guidance from industry experts, both apprentices and journeypersons are empowered to advance their welding careers to the next level.

TICKETS TO SUCCESS

All participants achieved at least one of the following welding tickets/qualifications:

- ▶ CWB four position
- ▶ Initial pressure welding test
- ▶ Carbon 2" sch. 160-6G Stick or TIG
- ▶ Stainless - TIG root, Stick (fill and cap) - 2" sch. 160-6G
- ▶ Inconel - 2" sch. 160 TIG root, Stick fill and cap - 6G
- ▶ 9 Chrome- 2" or 4" TIG all out 6G

100% of participants completed industry-required safety certifications.

With targeted training and by achieving specific pressure welding qualifications, participants can expand their skills and employment opportunities.

TESTIMONIALS:

"All of the instructors were phenomenal and very knowledgeable. I was exposed to a lot of new skills and certifications and have a much broader range of experience now because of it."

"I enjoyed being able to practice as much as I want without renting a booth or spending thousands on consumables and materials. The most beneficial skills I learned were being able to learn how to put in a great 6010 root and also how to TIG out carbon/stainless steel/inconel."

"It was a friendly atmosphere, and I have felt myself comfortable. Our mentors gave us many tips and tricks in welding, and also shared knowledge about building a career in the Boilermakers Union."

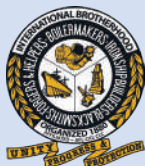

KICKSTART YOUR CAREER

96% of those who completed the program found employment soon after.

Some of the companies employing participants include:

- | | |
|--------------------------------|-----------------------------|
| ▶ Melloy Industrial for Suncor | ▶ APTIM for Syncrude |
| ▶ Babcock & Wilcox for Suncor | ▶ Worley |
| ▶ Balzers Canada | ▶ Smog Busters |
| ▶ CAM Industrial Solutions | ▶ BFI Constructors |
| ▶ Lorneville Mechanical | ▶ ICT Industrial, |
| ▶ CIMS Ltd | ▶ Matrix NAC |
| ▶ Altex | ▶ Edmonton Exchanger |
| ▶ Sunny Corner Enterprises | ▶ MQM Quality Manufacturing |
